14. Common Reporting Standard

The CRS is a new, single global standard on Automatic Exchange of Information (“AEOI”). It was approved by the OECD in February 2014 and draws on earlier work of the OECD and the EU, global anti-money laundering standards and, in particular, the Model FATCA Intergovernmental Agreement. Under the CRS, participating jurisdictions will be required to exchange certain information held by financial institutions regarding their non-resident investors. The CRS became effective on 1 January 2016. Financial information to be exchanged includes information such as account balances, interest and dividend income and sales proceeds from financial assets.

In this regard, the Fund is obliged to establish the identity and residence of non-Irish resident investors and therefore, please complete the Entity or Individual Self-Certification form included in the Appendices. Please note that the above-mentioned financial information in respect of all non-Irish resident investors along with their tax identification information will be reported to the Irish Revenue. The Irish Revenue may exchange this information with other Tax Authorities.

For further information on the CRS please refer to the Irish Revenue website at <http://www.revenue.ie/en/business/aeoi/index.html> or the following link to the OECD CRS Information Portal at <http://www.oecd.org/tax/automatic-exchange/>
