Report to participants for the reporting period**

Beginning of the reporting period 01/01/2018
End of the reporting period 14/08/2018

This report was made available on 27 June 2019.

The fund does not remain a reporting fund (using the definition provided in the Offshore Funds (Tax) Regulations 2009) at the date this report was made available to investors.

If a distribution has been made, you are required to report your share of the actual distribution received on your income tax return in the tax year to which each distribution is made.

If excess reported income has arisen (i.e. the reportable income exceeding actual distributions in respect of the reporting period), it is deemed to have been distributed on the date six months following the end of the reporting period, being 14 February 2019, or, if relevant, on such earlier date as the excess reported income is recognised in the investor's accounts.

In order to compute the quantum of excess reported income relating to your shareholding, this can be calculated by reference to the number of units held by you as at 14 August 2018.

Should you have any queries with regards to the content of this report, please contact your tax advisor.
