Luxury Brands Fund – a sub-fund of Provenance SICAV plc Retail EUR Investor Shares – (ISIN: MT7000012928)

This Sub-Fund is self-managed

Objectives and Investment Policy

The Fund's **Investment Objective** is to provide long term capital growth by investing predominately in carefully selected transferable securities issued by companies operating in the luxury brands sector.

The Fund seeks to achieve its Investment Objective through the following **Investment Policy**:

- Investing in a portfolio of transferable securities, collective investment schemes, deposits, and forward foreign exchange contracts.
- The Sub-Fund will primarily invest in a diversified portfolio of listed securities issued by companies operating in the luxury brands sector.
- The Sub-Fund may also invest in investment grade sovereign or corporate bonds. There will be no bias towards any sovereign or market sector or duration.
- No restrictions in terms of investment type, geographical area or economic sector, including cash.
- Forward foreign exchange contracts may be used to hedge currency exposure and minimise volatility in each investor share class. The Directors may, at their sole discretion, alter the Investment Policies,

provided that any material change shall be notified to Shareholders of the Fund in advance of the change.

The following **information** is also relevant:

- You can buy and sell your shares in the Fund on the last business day of each week.
- Shares are denominated in Euro.
- Investment in the Fund should be regarded as long-term, which is upwards of 5 years.
- Due to the initial charges, if you redeem shares, particularly in the short-term, before an equivalent rise in the value of the shares is achieved you may receive less than the amount invested.
- All income from the Fund's investments will be re-invested and reflected in the value of the shares.

Recommendation: this fund may not be appropriate for investors who plan to withdraw their money within less than 5 years.

Risk and Reward Profile

The above risk and reward indicator rate this Fund as category 5 meaning that the Fund offers a relatively higher risk of making a loss but also a relatively greater chance of making gains. The Fund is in Category 5 because of the high range and frequency of price movements (volatility) of the underlying investments referenced by the Fund. It should be noted that even the lowest category on the indicator does not mean risk free.

The Fund's rating on this indicator is based on simulated data and therefore may not be a reliable indication of the risk profile of the Fund. Further, the rating shown is not guaranteed and may change over time.

The Fund's rating reflects the nature of its investments and the corresponding risks to which the Fund is exposed. These risk factors, which include the risks listed to the right, may affect the value of the Fund's investments or expose the Fund to losses:

Emerging Market Risks: Where the Fund invests in emerging markets, such investment may carry risks associated with failed or delayed settlement of market transactions and with the registration and custody of securities. There may also be lack of liquidity and increased volatility in the underlying securities.

Liquidity Risk: Risk of low liquidity level in certain market conditions that might lead the Sub-Fund to face difficulties valuing, purchasing or selling all/part of its assets and resulting in potential impact on its net asset value.

Concentration Risk: The Fund invests predominately in the Luxury Brand industry and therefore carries a higher concentration risk due to reduced asset sector diversification.

Currency Risks: The Fund may invest in other currencies. As a result, changes in the rates of exchange between currencies may cause the value of the shares to go up or down.

Charges and Expenses: Charges and expenses will be charged against capital, which may have the effect of constraining capital growth.

For more information regarding risks, please see the Risk Factors section in the Fund's Prospectus. The section entitled "Practical Information" below explains how you may obtain a free copy of the Prospectus and other useful information.
